CONTEXT

Schools should provide more attention to the preparation of teachers and students to face first aid and health related emergencies.

TARGET GROUPS

The project is addressed to:

- Secondary School Teachers
- Secondary School Students

AIMS

The aims of the Tiramisu project are:

- To improve skills and competences of school teachers on First Aid, Health and Safety
- To test at EU level an innovative transnational training course on First Aid, Health and Safety

EXPECTED RESULTS

The main project results include:

- An e-learning training course for teachers and students on the human being anatomy and physiology
- A First Aid Handbook providing a full set of instructions on "what to do in an emergency"
- A simulation based learning environment to test the capacity to make appropriate choices when facing an emergency
